Email:

*Required field

1. Please declare any potential conflict of interest that may compromise your ability to act fairly and objectively as a member of FGM's ERC (e.g., your partner or an immediate family member is employed by FGM or an FGM contractor)

2. Describe your area of interest and/or expertise (relevant to the mining operation)?

AGNICO EAGLE

3. Outline why you are interested in joining the Environment Review Committee?

4. What attributes would you contribute to the Environment Review Committee?

AGNICO EAGLE

5. What stakeholder/community group(s) do you currently represent?
(please include period of membership if possible)

Stakeholder group	Period served

6. How would you ensure that your contribution at ERC meetings was reflective of broader community interests and opinion?

7. How would you assist with the communication of information relating to FGM's operations to and from community?

AGNICO EAGLE

8. Appointment of community representatives will be based on the applicant's ability to:

- Attend regular quarterly meetings
- Actively participate in ERC meetings and associated discussions
- Represent fairly and accurately the interests of a broad cross section of the community
- Provide accurate and timely information to members of the community, including through established community organisations and networks
- Work collaboratively with stakeholders with different views and/or opinions
- Demonstrate a willingness to learn and comprehend information presented in ERC meeting notes

Please address these criteria and explain why you should be selected as community representative on FGM's ERC (use more paper if required).
