

Social Responsibility

We are committed to having a positive and long-lasting impact within the communities in which we operate.

Our Social Responsibility Strategy – made up of five pillars – guides ongoing support to communities through sponsorships, donations and our highly successful Community Grants Program. These pillars ensure support is spread across a range of projects that address different areas of need:

SOCIAL

Enhance social relationships, diversity, healthcare and wellbeing.

COMMUNITY

Support communities to build upon their capacity in people, place and buildings.

EDUCATION

Improve education and training pathways to generate future opportunities.

SUSTAINABILITY

Support the restoration and improvement of our local cultural heritage, environment and biodiversity, and promote responsible custodianship of the landscape.

ECONOMIC DEVELOPMENT

Enhance capacity of our region to grow business, employment and innovation for long-term prosperity.
